

The Johnson twins are setting up an agency to take care of dogs. Read the rate card. Then complete the table and answer the questions.

Simple care : \$4.00 for the first hour; \$5.00 per hour thereafter

Walking : \$2.00 each time, plus \$0.50 per km

Washing : 2 times total charges

Drying : Free with care over 3 hours; \$2.00 otherwise

③① Simple care :

Hour(s)	1	2	3	4	5	6
Charge (\$)						

③① Walking :

Distance(km)	1	2	3	4	5	6
Charge (\$)						

③② Tina had the twins look after her dog, Dorfus, for 10 hours. What was the charge?

Answer : _____

③③ Kevin asked the twins to look after his dog for 4 hours and take her for a 3 km walk. How much did the twins earn for the service?

Answer : _____

③④ Lily wanted her poodle walked for 4 km and washed. What was her bill?

Answer : _____

③⑤ Dolly's parents asked the twins to look after their dog for 8 hours. They wanted the dog washed and dried. What was their total bill?

Answer : _____
